OFFICE OF
Superintendent,

Date 12th February 1943.

The Secretary to Government,
Development Department,
Bangalore.

Sir,

Adverting to Government Orders No.A.F.7188-273/P & S.5-40-59, dated 12-4-1941, and No.A.F.1511-70/P & S.32-41-2, dated 25-9-41, sanctioning tentatively for a period of one year from 1-7-41 revised rates of charges for publication of notifications of paying departments of Government and local bodies in the Mysore Gazette and directing that a report about the financial effect of the revised rates may be submitted to Government for deciding whether the revised rates may be continued or not, I have the honour to state that the bills for the year 1941-42 have been prepared and sent. The preparation of the bills for the year 1942-43 have now to be taken up. For this, the rates at which the notifications have to be charged for, have to be approved by Government. In this connection it has to be mentioned that the revised rates have worked most satisfactorily so far as the financial aspect of the same is concerned. While the total of the bills for 1939-40 aggregate to Rs.1698/-, the bills for 1941-42 total to Rs.9,515/-. The number of bills relating to the notifications published during these two years are 99 and 372 respectively. Two factors which have contributed to this increase are that all notifications of paying departments have been charged for as approved in G.O.No.A.F.3400-414/P & S. 5-39-63, dated 10-1-40, and that the revised rates are so designed that there should be no heavy fall in the revenue realised on this account. As a measure of economy, only brief notifications of even paying departments are now being published in the Gazette and charged for. So, when ampler notifications of paying departments are published in future, the realisable amount may be expected to be much more than that of the year 1941-42. As the revised rates are simple and easy of application, they have facilitated the preparation of bills quickly, without much time being wasted in evaluating the cost of the notifications. In view of the fact that the number of bills to be prepared and sent out has increased on account of all notifications of paying departments being charged for, some such simple method of charging for the same has become absolutely necessary.

As there has been no adverse effect on the financial ~~portion~~ Position of the amounts realisable towards publication charges of notifications, as the rate is easy of application and as the revised rates are decidedly more advantageous than the previous ones, I request that the rates sanctioned in G.Os No.A.F.7188-273/P & S.5-40-59, dated 12-4-41 and No.A.F.1511-70/P & S.32-41-2, dated 25-9-41, may kindly be arranged to be placed on a permanent basis from 1-7-1942. Early orders of Government are solicited in the matter, as the bills work of the Gazette Branch for 1942-43 is in arrears pending settlement of the rates at which the notifications have to be charged for.

I have the honour to be,
Sir,
Your most obedient servant,

SUPERINTENDENT. 12/2/43
